

Item no: 02.44.740

### Vacuum switch PICO-02, adjustable, G1/8", IO-link

- IO-Link communication
- Rotatable, digital, display with status LEDs
- Built-in energy saving mode for reduced power consumption
- Scales: bar, kPa, mmHg, inHg or psi
- Two independently adjustable switch outputs.

General

Material	PC, CUZN
Temperature	14 - 140 °F
Weight	0.92 oz

Action range/Stroke	0.059 in
Vibration resistance	10-55 Hz

Current, consumption	15 mA
Current, max.	250 mA
Display	Digital display
Humidity	10 - 90 % RH
Safety classification	IP65
Supply voltage	10 - 30 VDC

Feed pressure	43.5 psi
---------------	----------

Signal range	-29.53 -inHg
--------------	--------------

Valve function	PNP NO/NC
----------------	-----------
